PROFILE

Sport is taken for granted as something valuable, while gaming is still often reduced to its downsides. Yet both run on the same principles: practice, feedback, motivation and learning by doing. Coming from sports science, I have spent three years building digital games that use and amplify that potential. No other medium can make complex relationships and dry material this tangible, so that they are understood more easily and stay understood. Combined with a motivating play experience, that is what I consider an ideal learning environment. My focus areas are complex systems, data analysis, engine tools, workflow optimisation and game-specific AI.

SKILLS

Engine · daily

Unity C# Shader

Game AI · university projects

Pathfinding State Machines
Behaviour Trees GOAP
Wave Function Collapse

Tools · daily

Git LLM-Workflows MCP

Fundamentals · started

Unreal Engine C++

Built with AI · in production

Python SQLite HTML/CSS
JavaScript

LANGUAGES

German — Native
English — Fluent (C1)

PROJECTS

Izzy's Island Party

Local party mini-game collection for 1–4 players (SAE final project, two-person team) — built 3 of the 6 mini-games solo: Bowling Battle, Minigolf Mayhem, Swaggy Snapshots.
Unity · C# · github.com/DJTJ9/IzzysIslandParty

BullseyeQ

Darts training app with progress tracking, practice games and deterministic data analysis that derives concrete training recommendations.
Unity · C# · github.com/DJTJ9/BullseyeQ

Bob der Job-Bot

Job scanner with Telegram bot and web app: collects listings into a shared pool and filters them per user profile against individual criteria.
Python · Telegram · SQLite · MCP · github.com/DJTJ9/job-scanner

EDUCATION

2024–04/2026 Games Programming (Diploma)
SAE Institute Hamburg

2023–2024 Game Design
Deutsche POP

2013–2019 Sports Science (no degree)
Ruhr-Universität Bochum

EXPERIENCE

2021–2023 Service Associate · Tankstelle Riekenberg, Rotenburg
Ran shifts independently: sales, till, car wash and maintenance without ongoing supervision.

2020–2021 Care Assistant · Rotenburger Werke, Rotenburg
Supported a residential group for people with physical and intellectual disabilities — care, daily support, activities.

2014–2019 Student Assistant · Der Werbemarkt
Produced promotional items and applied vehicle/window lettering — precision work under delivery deadlines.

CERTIFICATIONS

Relaxation therapy
Sitting school certificate
Kinesio taping practitioner certificate
Windsurf instructor license

HOBBIES

Computer games Riftbound TCG Darts SUP (stand-up paddling)
